## IATA - AIRPORT OPERATIONS

*Sri. Ramachandran Kadannappally, the Hon'ble Minister of Ports & Museums, Govt. of Kerala inaugurates the convocation program in IATS Aviation College.*

**This reputed course** is aimed at offering students of Aviation an exhaustive overview of Airport Operations while equipping each with necessary knowledge and skills to excel in an increasingly challenging yet rewarding industry. Airports are in need of individuals with excellent management skills and aptitude for customer service.

The Aviation training Program is specifically crafted to make Aviation students acquainted with technological, economic and technical dimensions of the industry.

As flight became more popular, the number of airplanes also increased accompanied by rise in the number of airports across the globe. Air transportation is chiefly dependent on the coordination between airlines, airports and air traffic control agencies. Understanding the interplay between these varying branches of aviation is the key to resolving issues concerning airport operations.

We really welcome you to be a part of the vibrant Aviation industry by pursuing Airport operations course at the globally recognised training centres of **IATS** based in **ADOOR, COCHIN and TRIVANDRUM**.
